## JUNE 12, 2026 DEADLINE (ECOLOGICAL SURVEY)

The deadline to complete METRO PLANNING'S ECOLOGICAL CONSERVATION STRATEGY is JUNE 12. Your voice is important!

District One has the largest geographical area of forests, hills, streams, creeks, steep slopes, farm lands, and historical areas and landmarks than other districts in Davidson County.

This area is extremely worthy of conservation and protection as the tree canopy and watersheds are important to Davidson County (cooling nearby urban areas of densely populated Nashville). The area lies within the Nashville Highland Rim Forest too, possibly the world's largest urban forest.

Please take 10-15 minutes of your time to complete the survey and let Planning know what is important to you. **Survey:** <https://engage.nashville.gov/ecsplan#tab-76904>
